TABULA EXPANDS ITALIAN COVERAGE TEAM

European ETF provider Tabula Investment Management has hired Silvia Della Foglia to strengthen Italian coverage team.

Previously, Silvia was a Director at Citigroup in London for 15 years, where she was responsible for G10 rate sales to Italian institutions including asset managers, insurance companies, banks, and wealth managers. Prior to that, she spent seven years at Morgan Stanley where she was responsible for fixed income sales to Italian clients. Silvia started her career in the analyst program at Morgan Stanley.

Silvia Della Foglia, client coverage for Italy said: "I am thrilled to join Franco Mancini to cover Tabula's Italian clients. Tabula's ETF offering, from inflation protection to Paris Agreement aligned exposures, aims to address important client needs."

Tabula was the first ETF issuer to launch Article 9 Paris-aligned EUR investment grade and EUR high yield exposures. The firm's US enhanced inflation ETF gives exposure to both expected and realised inflation, providing reactive protection to US inflation.

Franco Mancini, country manager for Italy, commented "Silvia is a highly-experienced professional in fixed income markets. Our business has ambitious plans for 2022, and I look forward to Silvia playing a key role in delivering our unique solutions to Italian investors."
